About us

With over 20 years of experience, greenhotelier.com is the leading source of up-to-date news, resources and commentary on worldwide environmental, sustainable and responsibility issues in the hotel sector.

Green Hotelier is brought to you by the International Tourism Partnership, a registered charity that works with global hotel chains to drive the responsible agenda.

With this audience and responsibility in mind, the publication has a serious commitment to delivering accessible, expert and honest content.

As a charity, Green Hotelier puts content and its audience’s needs before revenue generation.
Audience

Green Hotelier is the key communication tool of the International Tourism Partnership (ITP). Its members make up a large proportion of the audience. Through ITP Green Hotelier has a reach of 24,000 hotel properties in over 100 countries.

Amongst these global hotel chains and other properties, both big and small, corporate and independent, Green Hotelier’s audience includes:

Property owners | General managers | Sustainability managers | Corporate Social Responsibility leaders | Engineers | Environmental / sustainability organisations | Students of sustainable tourism | Green suppliers

Know How Guides

Every quarter Green Hotelier produces a Know How Guide, the one-stop resource for hoteliers on a specific sustainable or responsibility issue.

The majority of Know How Guides are written by the International Tourism Partnership, using the expertise and case studies gathered from working groups with ITP members. However, Green Hotelier also welcomes external contributions from experts in a specific field.

Each guide delivers practical advice for hoteliers including the necessary technical information, checklists, resources, case studies and further reading.
Advertising

With its growing and targeted audience, Green Hotelier offers relevant third parties an excellent way to reach hotels looking for green products, suppliers and services.

Basic listing  £295 + VAT/ year

Green Hotelier is launching a directory for the first time in 2014. The directory will be targeted to hoteliers looking for green/ responsible solutions, products and suppliers. For the basic fee advertisers will receive a thumbnail image, one link and a 50 word description of their product or service.

Advanced listing  £495 + VAT/ year

Alongside a thumbnail image, one link and a 50 word description of the product or service in the directory section of the website, an advanced listing includes a link to a 500 word promotional article about the product, service or supplier.
Contributing

Green Hotelier welcomes contributions from journalists or those with expertise in sustainability. Content must be relevant to the hotel industry and fit with one of the below categories.

Commentary & Insight
Features must either revolve around one theme; water, waste, energy & carbon, supply chain, new-builds & retrofits, policy, certification & business, community & engagement, or be destination-specific. Articles should provide Green Hotelier’s audience with relevant, practical advice and information.

Best Practice Case Studies
Green Hotelier publishes best practice case studies on hotels, however big or small, that are demonstrating innovation when it comes to sustainability. Green Hotelier also features interviews with relevant Industry Leaders.

Talking Points
Each month we run several guest articles and blogs. The aim of these pieces is to generate discussion and debate within the industry. If you are an expert on one of our monthly topics, then please get in touch.

Industry News
News items are short, current and to the point. Green Hotelier’s industry news section features any sustainability and responsibility news of interest to the hotel sector.
